about the writer

Bob Page is a 20-year veteran of the engineering industry and has amassed considerable experience on a broad range of business writing tasks, including technical writing, business communications, and grant writing. He has created high impact websites for a variety of corporate and professional clients since 1996. He earned an MSME degree from Michigan Tech in 1990 and has worked for Ford Motor Company, Engineered Machined Products, and GS Engineering. He and his family reside in Houghton.
